Goodbye Winter ... Hello Spring Vaccination Visits!

We are already booking for spring visits! Spring is very busy here at HHVS and appointments fill up very fast. *Be sure to plan ahead if you have showing or traveling deadlines. Horses are due for their full series of shots including:* Rabies, Flu/Rhino, EWT/WN, Strangles, and Potomac Horse Fever. Most people also have a Coggins and fecal testing done at this time. We highly recommend dividing your spring vaccinations into 2 or 3 visits with 2 to 3 weeks in between vaccination visits to reduce the risk of adverse reactions. Remember, there is no farm call if 8 or more horses are receiving spring vaccinations! If you are not sure what your animals are due for, please feel free to contact us!

MICROCHIPS!

After last years popularity, we are once again offering a package deal that includes a microchip, registration with MicrochipID Equine Protection Registry, and insertion of the chip all for only \$44.00! Contact us for information or to add this on to one of your appointments!

Strategic De-Worming Plan for 2013

Two Fecal Egg Counts (April and October)
Two De-Wormers (1 Equimax and 1 Quest, OR 2 Equimax)
One Follow-Up Fecal (If needed for high egg counts)
Includes Everything Above for Only \$69.00!
